

WPRU

November 3, 1949.

Mr. Richard C. Wagner
Sports Director
Radio Station WPRU
Princeton, N.J.

Dear Lefty:

We will make a transcription for you of 12:30 duration, which will allow you two minutes of commercial time. There will be provision made for a commercial in the middle of the program.

Our program will be sustaining, so we would like it to run 14:30, or better yet please make it about 13:45, to allow us to plug Ivy interviews in general and introduce the program.

We had been planning to have a tape recorder by this time, but those plans have not yet materialized, about which I moan loud and long up here. It would be difficult for us to transfer your tape to a disc, as it would mean imposing on the local ABC outlet to do so, but if you find it more convenient to send us a tape we will work things out. I would definitely prefer a disc.

Joe Smith, who is our sports director, will be doing the interview. I am trying to contact him now to inform him of the time change you desire.

Thanks a lot for your cooperation on this matter, as it makes the Ivy Network more of a reality. I'll see you in a couple of weeks.

Cordially yours,

Howard Eaton, Jr.
Ass't. Program Director.
